OFFICIAL ORDERS.

Important Order from Gen. Canby.

HEADQ'RS 2D MILITARY DISTRICT,
CHARLESTON, S. C., Dec. 31, 1867.

GENERAL ORDERS, No. 164.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBTS.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 29th day of April, 1865, shall not be enforced, by execution, against the person or property of the defendant. Proceedings for such causes of action now pending shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established, in accordance with the laws of the United States.

Paragraph III of the same order is modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of all property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th day of April, 1865, or the State of South Carolina, rendered between the 19th day of December, 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th day of June, 1865, unless the written consent of the defendant be entered on record, and except in cases where the plaintiff or his attorney upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors: *Provided*, that no such judgment, so rendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGES.

The sale of real or personal property, by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accruing subsequent to the 29th of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 29th day of April, 1865, for the 19th day of May 1865.

Paragraph V of the same order is modified as follows:

SUITS ON NEGRO DEBTS,

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves made subsequent to the 1st day of January, 1863, are suspended.—Judgment or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars; and in a town or city, the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant, of the value of two hundred dollars. The exemptions hereby made shall not be waived or defeated by the act of any defendant, who has a family dependent upon him or her support, and the exempted property shall be ascertained and defined by the sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XIV is amended by adding thereto: All proceedings in any court of North Carolina, or of South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on the war against the government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female, or insane person, (*cestuique trust*) whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Orders No. 25, of May 20, 1867, is revoked; and on and after the first day of January, 1863, the distillation of spirituous liquors in this Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 32, dated May 30, 1866, are revoked, and the power to grant licenses for the sale of spiritous or intoxicating liquors is remitted to the proper local authorities, to take effect on and after the first day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons, and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture or fine and cost.

2. Drunkenness and disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar room, saloon or other place at which intoxicating liquors are sold, and other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All bar rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the next twelve hours next preceeding the opening and next succeeding the closing of the polls at such election: and the sheriffs of the counties and districts and the chief of police of cities and towns, shall have power to direct the closing of bar rooms and other places for the sale of intoxicating liquors wherever it may be necessary in their judgement to preserve order and quiet.

5. The proceeds of all license, forfeitures and fines under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the commissioners or overseers of the poor of the district, county, city or town in which they accrued, and the commissioners or overseers will at the end of each month report to the Provost Marshal General of the District the amount received by them during the month, specifying the names of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations may be enforced in any civil or military court, and upon conviction the court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all sheriffs, constables and coroners of counties and districts, and the police of cities and towns to be vigilant in the enforcement of the police regulations and the provisions of this order in relation to the sale of intoxicating liquors.

[illegible] shall be held to apply to such licenses granted under General Orders No. 32, to innkeepers, as remain unexpired after the 1st of January, 1868.

DISTRICT COURTS.

IV. To promote the speedy trial of prisoners confined for minor offences, and diminish the cost of their maintenance, all committing magistrates will on the 15th and last days of each month, report to the judge of their county or district court all commitments made by them during the preceeding half month, specifying the date of commitments, the names of the prisoners and the offences for which they were committed, to the end that the judges may whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold special terms of their courts for the purpose of disposing of such cases. The additional expense of holding such special terms will be charged upon the State Treasury, and the accounts therefor will be audited and paid, as accounts of a similar character are now audited and paid, and if the salaries now paid the judges should be inadequate in view of the additional labor performed by them, a reasonable addition upon the proper representations through the Governor of the State, will be allowed.

PILOTAGE.

V. The pilotage regulations now existing in the State of North and South Carolina are so far modified that on and after the first day of March, 1868, all passenger steam vessels, regulated by the laws of the United States, and carrying a pilot commissioned by the United States Commissioners, shall be exempt from the compulsory payment of pilotage.

NORTH CAROLINA POLL TAX.

VI. So much of the act of the General Assembly of the State of North Carolina, entitled "An act to raise monies," ratified on the 26th day of February, 1867, as makes it "the duty of all persons and corporations to list and pay the (poll) tax of such persons liable to the same, as are in their employment, on the first day of April of each year, as laborers," is rescinded, and hereafter all individual taxes will be assessed directly upon and collected directly from the individuals from whom they are due; *provided*, that the provisions of this order shall not apply to the taxes levied for the current year, except that double poll tax shall not be enforced if the original tax be paid on or before the 1st day of March, 1868.

By command of Brevet Major General ED R. S. CANBY:

LOUIS V. CAZIARC,
Aide-de Camp,
Actg. Asst. Ad. Genl.

Extract from general orders No. 10, referred to in the above order of Gen. Canby:

Second. "Judgment or decrees for the payment of money on causes of action arising between the 19th of December, 1860, and the 15th of May, 1865, shall not be enforced by execution against the property or the person of the defendant. Proceedings in such causes of action now pending shall be stayed, and no suit or process shall be hereafter instituted or commenced for any such causes of action."

Third. "Sheriffs, coroners and constables are hereby directed to suspend for twelve calendar months the sale of all property upon execution of process on liabilities contracted prior to the 19th of December, 1860, unless upon the written consent of the defendants, except in cases where the plaintiff, or in his absence his agent or attorney, shall upon oath, with corroborative testimony allege or prove that the defendant is moving or intends fraudulently to remove his property beyond the territorial jurisdiction of the Court. The sale of real or personal property by foreclosure of mortgage is likewise suspended for twelve calendar months, except in cases where the payment of interest money accruing since the 15th day of May, 1865, shall not have been made before the day of sale." *Fourth.* "Judgments or decrees entered or enrolled on causes of action arising subsequent to the 15th day of May, 1865, may be endorsed by execution, against the property of the defendant, and in the application of the money arising under such executions, regard shall be had to the priority of liens unless in cases where the good faith of any lien shall be drawn in question. In such cases the usual mode of proceeding adopted in North and South Carolina respectively to determine that question, shall be adopted.

"*Fifth*: All proceedings for the recovery of money under contracts, whether under seal or by parole, the consideration for which was the purchase of negroes, are suspended, Judgments or decress entered or enrolled for such causes of action shall not be enforced.

Seventh. In all sales of property under execution by order of any court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances and twenty acres of land for the use and occupation of the families of the defendant, and necessary articles of furniture, apparel, subsistence, implements of trade, husbandry or other employment of the value of $500. The homestead exemption shall inure only to the benefit of families—that is to say, parent or parents and child or children—in other cases the exemption shall extend only to clothing, implements of trade or other employment usually followed by the defendant, of the value of $100. The exemption hereby made shall not be waived or defeated by the act of the defendant. The exempted property of the defendant shall be ascertained by the Sheriff or other officer enforcing the execution, who shall specifically describe the same, and make a report thereof in each case to the Court."

"*Tenth.* In suits brought to recover debts known as actions *ex contractu*, bail, as heretofore authorized, shall not be demanded by the suitor nor taken by the sheriff or other officer serving the process: in suits for trespass, libel, wrongful conversion of property and other cases, known as actions *ex delicto* bail, as heretofore authorized, may be demanded and taken.—The prohibition of bail in cases *ex contractu* shall not extend to persons about to leave the State, but the fact of intention must be clearly established by proof."

"*Fourteenth.* The punishment of death in certain cases of burglary and larceny imposed by the existing laws of the provisional governments in this military district, is abolished. Any person convicted of burglary or of larcency, when the property stolen is of the value of $25, of assault and battery with intent to kill, or of assault with a deadly weapon, shall be deemed guilty of felony, and shall be punished by imprisonment at hard labor for a term not exceeding ten years nor less than two years, in the discretion of the court having jurisdiction thereof. Larceny, when the value thereof is less than $25, shall be punished by imprisonment at hard labor for a term not exceeding one year in the discretion of the court."

Daily Raleigh Register.

SATURDAY, MARCH, 7, 1868.

THE STATE CONDENSED.

☞ James H. Foy, late of Wilson, N. C., has assumed editorial charge of the Walhalla, S. C., *Courier*.

☞ Some thief has robbed the study of Rev. J. B. Hardwick, of Goldsboro', of various articles of wearing apparel. The religious works were undisturbed.

☞ A thief was captured in a very queer place in Wilmington, a few days ago, namely, under a piano, in the parlor of Judge Meares.

☞ The thieves have abandoned Newbern, Goldboro, and this city in some degree, and pitched their tents in Wilmington. Some half dozen or more houses were entered on Tuesday night.

☞ *Roanoke News* sold again! The Brick Pomeroy who passed through Weldon, and whom Stone described as six feet high, handsome and fearless, turns out to be some one other Brick. Possibly, Brick bat!—*Star.*

☞ Last evening, while a servant in the employ of Mr. H. H. Munson was sitting near the fire with one of his children in her arms, her clothes were ignited in some manner, and, before they could be extinguished, she was badly burned. The child was also much burned, and Mr. Munson suffered some injuries in attempting to extinguish the flames. The intelligence reached us at a late hour, and we are not able to learn the full particulars, nor the extent of the injuries.—*Wil. Star.*

☞ We regret to learn that on Saturday last, just before daybreak, the dwelling of Mrs. Thomas L. Hybert, on the Morganton road, four miles from Fayetteville, was fired by an incendiary, and totally destroyed.—The family barely had time to make their escape with their lives, and lost all their furniture (including a fine piano,) except a small quantity of bedding. There was no insurance on building or furniture.—*Wil. Star.*

☞ On Tuesday last, as Mr. Thomas D. Williams, an old gentleman residing in this city, was passing the door of Messrs. R. Murray & Co's, office, he was knocked down by a keg of nails which was rolled out by some one inside. It was at first supposed that he was only slightly injured, but the doctor found yesterday that his wrist was dislocated, and one of his ribs broken.—These injuries would not be very dangerous to a younger man, but to one of Mr. William's age they may prove of serious moment. The affair is regarded as only an accident, and no blame is attached to any one.—*Wil. Star.*

☞ Yesterday morning a colored man named —— Forbes, came into the city, and reported to the Sheriff that he had shot another colored man named —— Moore, on the preceding night. Moore, it seems from Forbes' account, had been in the habit of stealing potatoes from him, and seeing him (Moore) engaged in that business fired at him and thinks that he wounded him severely. He immediately came to the city, and the Sheriff sent an officer out with him to see if Moore or his body can be found.

Catholics in America.

The Catholic Almanac for 1868, published in New York, gives some statistics of the Catholic Church in America. In 1860 the American Cyclopædia estimated that there were only a little over 3,000,000 Catholics in the United States adhering to their doctrines. The best Catholic authorities now declare that nearly five millions of persons belong to their denomination. In 1850 there were in Rhode Island and Connecticut only 16,000 Catholics; there are now 125,000. At the same time Pennsylvania contained 80,501, while there are at present 275,000 in the diocese at Philadelphia alone. In Illinois, there were 26,100, and the district about Chicago now alone counts 150,000. The diocese of Albany and Buffalo have 420,000 against 126,288 in the whole State of New York in 1850; and there are 60,000 in Michigan, while in 1850 there but 16,122. The Catholic population in five New England State, excluding Massachusetts, numpers 198,000. In one half of Pennsylvania there are 275,000. In New York leaving out New York city and Brooklyn, 430,000. Michigan has 106,000 · Indiana, 105,000; Wisconsin, 300,000; Iowa; 110,000; and part of Ohio, 90,000. The Catholics in Canada number about 900,000.

There are 12,500 public journals in the world, and America publishes 5,000 of them.

A rat was recently shipped from Erie to Corry, Pa., on whose life an accident insurance policy of $1,000 had been taken.

DR. J. J. LAWRENCE—Dear Sir:—Please send me immediately per Express to Tarboro', two dozen more bottles of your Rosadalis. I have carefully examined its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, [one a terrible case of eight years' standing,] in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.
Respectfully yours, &c.,
A. B. NOBLES, M. D.

A Wonderful Cure of Scrofulous White Swelling.

[HOME CERTIFICATE.]

I hereby certify that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up that I could not bend it all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared, and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

Rosadalis Cures Carbuncles, Boils, Pimples, &c.

CERTIFICATE FROM AN OLD AND MUCH RESPECTED CITIZEN OF GREENE COUNTY, NOW A RESIDENT OF WILSON, N. C.

I hereby certify that, during the summer and fall of 1866 I was severely afflicted with Carbuncles—having had as many as fourteen large Carbuncles, and twelve ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

Consumption, in its Early Stages can be cured.

BALTIMORE, Md., March 4th, 1867.
Dear Dr. Lawrence:—My daughter having been cured of a deeply seated disease of the lungs by your Rosadalis, I feel it my duty to make the fact known to you for the benefit of others. She suffered nearly two years with a hard cough, which troubled her day and night: at last the emaciated form, glassy eye, night sweats, together with the cough, told too plainly that it was *Consumption*, beyond question, eating at her vitals. Our Physician's remedies brought no relief. She was advised to try your Rosadalis, as a tonic—which she did—imagine my surprise and gratification, when I found her appetite returning. Slowly she regained her strength, her cough and night sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever.
Yours, respectfully,
MRS. E. ANN SMITH.

SALT RHEUM CURED! REMARKABLE CURE!

DR. LAWRENCE, Wilson, N. C.:
My Dear Sir—For the last ten years, until recently, I suffered with an inveterate eruption of the skin—called by Physicians "Salt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best Physicians in Europe and this country—have visited several celebrated springs—spent thousands of dollars, and failed to get any better. In December, 1866, being in Charleston, S. C., I was told by a gentleman at the hotel that he had been cured of a bad tetter by a medicine called "Rosadalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassidey, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely disappeared.
Enclosed find One Hundred Dollars, which please accept as a token of my gratitude. Why do you not make your invaluable Rosadalis widely known? Your sincere friend,
W. T. SELTZER.

THE RECONSTRUCTION COMMITTEE

The Reconstruction Committee is composed of Messrs. Stevens, of Pennsylvania (chairman); Boutwell, of Massachusetts; Bingham, of Ohio; Farnsworth, of Illinois; Hulburd, of New York; Beaman, of Michigan; Paine, of Wisconsin, republicans; Brooks of New York, and Beck, of Kentucky democrats—seven to two.

NORFOLK.

Norfolk is destined to be a great city.—Nothing on this earth but the presence of slavery in Virginia, from the foundation of the colony until the close of the late civil war, prevented it from taking rank with New York, as a commercial emporium. Its unrivalled natural advantages lay bound by the fetters of slavery from the year 1620, until the surrender of the Confederate army in April, 1865. With the peculiar institution as its nursing mother for the space of 245 years, it rose to be a town of twelve or fifteen thousand inhabitants. It has been enancipated less than three years, under circumstances of a most depressing character. The old system of labor has been destroyed, the laborers demoralized, the civil government over-thrown, everybody uneasy and uncertain in regard to the future: society turned up-side down; and subject to the tyranny and caprice of military rule; the people oppressed with a load of taxation such as their fathers never dreamed of; yet under all those difficulties, Norfolk has built more houses in these three years of freedom, than has been reared for the ten years preceeding the war; or during any other ten years of its existence. Though Adam Smith should rise from the dead, he could not bear such convincing testimony as this fact does to the economical evils of slavery.

We learn from a merchant of Norfolk that one hundred and twenty-five houses were erected last year, including a number of stores, and a hotel, which would reflect credit on any city in the Union. Packet lines of steamers to Europe and to the North have *been established*, and business intercourse by Railroad has been opened with the Southwest. An important Railroad, called the Great Western, has been projected, which will run parallel and near to the Southern border of the State, and connect with the Kentucky roads at Cumberland Gap. Half a dozen counties along the line have already subscribed nearly twelve hundred thousand dollars to the enterprise; while the county courts in others have submittted to the vote of the people propositions to subscribe about eighteen hundred thousand more. In a few years we shall see this important road built; while in all directions the trade of the city will be extending. The merchants and business men of Norfolk seem to be at last fully awake to the advantages of their position. But the truth is that the unwonted prosperity of the city is due to the fact that capital can no longer be unproductively invested in slaves. Every dollar saved, goes into some profitable enterprise. Every succeeding year will demonstrate the vital energies of freedom in the South, and reconcile the people to the loss of slavery. Owing to the demoralization of black labor, there will be a falling off of the crops; but the towns will nevertheless, thrive; and their prosperity will eventually re-act upon the country. If the negroes will not labor, white men from the North and from Europe will take their place, and in ten years, the South will be richer than it was at the beginning of the war.

Virginia and North Carolina are deeply interested in the prosperity of Norfolk—the latter almost as much as the former. No narrow and short-sighted spirit of jealousy, which economical science and common experience alike condemn, should cause our people to withhold their warm sympathies from the energetic people of Norfolk.

THE DEMAND OF THE GENERAL GOVERNMENT.

We have all along held, in common with others, that it is impracticable to reconstruct the State of North Carolina, creditably and well, without the aid of men who are under the ban of proscription. The Northern people and Congress, have turned a deaf ear to our appeals, and have demanded that none but men who can take the "Iron Clad" Test Oath shall be elected to office. Recently some disposition to relax has been manifested; but no single man has yet been released from disabilities. It is conceded on all hands, that it is expedient to select men against whom nothing can be said, as it regards loyalty, as far as is practicable. We cannot organize a respectable judiciary by taking only Iron Clads. We must go back to the old Bench, and to the old Bar, for materials out of which to construct the Courts. Otherwise, and especially through the instrumentality of popular elections, we shall have a Bench composed of men, some of whom would not do credit to the Jury; while we shall be lucky if we elect none whose proper place would be the prisoner's box.

But the people of North Carolina have it in their power to elect a loyal Governor "to the manor born" a life long resident; and they ought to do so, if they desire immediate restoration of the State. They can elect one of their most intelligent and respectable citizens who answers to this condition. ISRAEL G. LASH, of Forsyth, is in many respects, the fittest man in the State for the office of Governor. He is one of the most enlighted men in the State. He is an able financier, and if he were in the Gubernatorial chair, he would do more to elevate the credit of North Carolina than a dozen crafty partizan managers. He is firm as a rock in the maintenance of his principles.

He is a life-long Union man. When Mr. Holden was urging the people in 1856, to resist the inauguration of Fremont, in the event of his election, Mr. Lash stood firm; when Holden made the same threats in 1860, regarding Mr. Lincoln's election, Mr. Lash never flinched; when in 1861, Holden and Vance joined hands in the work of pulling down the National Flag, Mr. Lash scorned to unite with them, but stood out resolutely to the end. Why did not the late so-called Republican Convention nominate Mr. LASH? Why were his claims entirely over-looked? Was it *because* he never bowed the knee to Secession and Rebellion? Or was it because that caucus was selected *mainly* from a dozen counties, with the view to the nomination of Mr. Holden?

If the West had been fairly represented Mr. Lash's name would have been a power in the "Convention." But it was the 42 delegates from Wake, the 25 from Franklin, the 24 from Craven, and the volunteers from various parts of the State, and from other States, who controlled everything by the preponderance of numbers, without the slightest regard to the wishes of whole counties.

Is the party which claims to be exclusively loyal, unwilling to nominate a man who has always been loyal?

PROCEEDINGS OF THE CONVENTION.

Below we give the personal explanation made by Mr. Heaton yesterday:

Mr. Heaton said: For the first time in my life, I have arisen to a personal explanation. So far as I am concerned, I do not care, but in deference to some warm and enthusiastic friends, who have put me in nomination for a high position, I will notice the vile and infamous calumnies of a low paper published in the city, called the *North Carolinian*. On the 2d instant, that sheet made an attack upon me, and a gentleman from Newbern, present in this city, a life-long Democrat, who read it, pronounced the base charge a slander and a lie. I have seen but few copies of that paper, but what I have seen leads me to believe that its whole corps of editors are liars. Personally I brand the man that wrote that article as a liar.

I believe that the editor of the Conservative paper in Newbern will not and has not descended to such low attacks on me. My associations have been in that city among gentlemen of the Conservative as well as the Republican party.

Millions have passed through my hands, and I defy any man to taint my reputation. So soon as I came to this city at the beginning of this session, one of the leading secessionists here began to make disreputable insinuations against me. A leading Southern gentleman, a member of the bar, finding that such insinuations were made, waited upon this secessionist and intimated that he must retract. I have in my pocket now a direct apology and retraction. But it is not necessary for me to go into detail. Yet I will say that it is time for these scoundrels and desperadoes to cease their slanders upon gentlemen. I warn the scoundrels that there is a point beyond which forbearance will cease to be exercised by any of us.

EVENING SESSION.

FRIDAY, March 6.

The Convention was called to order at 7½ o'clock.

President Cowles in the chair.

The roll was called and 91 members answered to their names.

SPECIAL ORDER.

The special order being the 3d reading of the Homestead Bill, it was taken up, and the discussion resumed by Mr. Jones, of Caldwell, the chairman of the committee.

After brief remarks, Mr, J. moved an amendment to the first section, making the homestead prospective.

Mr. Hood opposed the amendment, and said the cry was that they could not make a a retrospective homestead, and have it to accord with the Constitution of the United States. Now he was just as anxious as any member on the floor for the people to pay their debts, but did not want to make paupers of them. He would ask if the bill as it stood did not prevent a person who had no homestead, from getting one.

Mr. Trogden was in favor of the amendment and said he would like for a homestead law to be passed, but not one that was retrospective. He had consulted men of legal talent, and the opinion of all were that if a retrospective homestead was put in the Constitution, it would be destructive to the adoption of that instrument. He regarded a retrospective homestead as repudiatory.

Mr. Rodman said he would state that he had heretofore supported every measure of relief that had come before the Convention. He was in favor of a retrospective homestead, and hoped the members would stand by him in adopting one.

Mr. McDonald of Chatham, said it seemed to him that some delegates were determined to do all in their power to keep the people from getting any relief at all—every time that subject was brooched members got up with the cry of repudiation and unconstitutional. All this he considered as absolutely unnecessary. The people were demanding relief and why not give it to them? In the event the Constitution was framed to suit the new order of things, it would, no doubt, be received, and they would ask the courts no odds.

Mr. Heaton was in favor of the amendment, and said gentlemen talked a great deal about relief. He did not believe there was a member on the floor who would not favor some measure of substantial relief, had no doubt but that before the Convention adjonrned it would adopt some measure of relief. He would vote for the amendment. because he did not think a homestead retroactive was just and proper. The amendment was destined to show that the homestead was not re-troactive but prospective, and this, he claimed, would settle the matter.

Mr. Abbott desired the matter left as it stood, if it was unconstitutional it would go to the Courts for settlement, and if it was constitutional, then it was that much the better. He did not deem the Government stern and tyranical but kind and parental.

Mr. King, of Lenoir, was opposed to repudiation, but was in favor of a retrospective homestead. He hoped the matter would be settled, and if necessary would be willing to leave it to the courts.

Mr. Hodnett thought a retrospective homestead repudiative.

Mr. Mayo would call the attention of those delegates who are clamoring so much about repudiation to the case of the rich man and Lazarus, mentioned in the Bible. Could not see how delegates could be opposed to doing all they could for those people who are in need. He compared such to the rich man and the poor people who were in so much need to Lazarus, and he would warn them to be on their guard lest they should awake from their gross negligence to find themselves occupying the place the rich man did when he appealed to Abraham from the burning pit, for water.

Mr. Pool said he would be glad to see a retrospective homestead established and the people relieved from their embarrassment.

Mr. Jones' amendment, after further debate was put and lost.

Mr. Tourgee then moved to insert, "and is hereby" before the word exempted in last line. Carried.

The section was then adopted, after having the word "on" substituted for "or" before the word "execution."

The second section was amended by having the word "exempt" stricken out in the 8th line, and the words "and is hereby exempted" substituted; $2000 for $1000 in lines 3 and 8, and then adopted.

Section 3 was amended by having all stricken out from the word "debt in 3d line to the word "during" and then adopted.

Sections 4, 5, 6 7 were adopted without amendment.

On motion of Mr. Tourgee the vote on the 6th section was reconsidered and amended by having the words "after the adoption of this Constitution" stricken out.

The report, as a whole, was then adopted by a vote of 63 to 18.

Mr. King of Lenoir, gave notice that he would move to rescind the vote by which the resolution limiting debate of all members, except chairman of Committees, was adopted.

The Convention then adjourned.

SATURDAY, March 7.

The Convention was called to order at 10 o'clock.

Prayer by Rev. Mr. Lennon, of the Convention.

Roll was called and 101 members present.

Journal of yesterday read and approved.

RESOLUTIONS.

Mr. Renfrow, a resolution in regard to mechanics lien.

Mr. Tourgee, a resolution empowering the Committee on Revision and Arrangement to secure parchment, for the purpose of having those portions of the Constitution that have been adopted, brought before the Convention to receive the signatures of delegates.

The rules were suspended and the resolution adopted.

UNFINISHED BUSINESS.

Mr. King of Lenoir, moved to rescind the vote by which the resolution limiting debate was adopted on yesterday. Lost.

Mr. Asheley called up the report of the Committee on Printing.

The report was taken up and adopted. [It provides for the election of Public Printer.]

The election of Printer to the Convention being before the House, Mr. McDonald, of Chatham. put in nomination Mr. Jos. W. Holden; and Mr Durham put in nomination Mr. John W. Dunham, of the *North Carolinian*.

The vote was taken, and resulted in favor of Mr. Holden, as follows:

J. W. Holden—88.

John W. Dunham—5.

Mr. Tourgee then called up the report on Towns, Counties, &c.

The report was then put upon its 3rd reading, and sections 1 to 8 inclusive were adopted.

The 9th section, after a slight verbal amendment, and the balance of the report were adopted.

The report, as a whole, was then put before the house and carried by a vote of 86 to 14.

SPECIAL ORDER—FINANCE.

The report of the Finance Committee, was then put on its 3rd reading, and section 1, 2 and 3 were adopted.

Mr. Abbott moved the adoption of his substitute for section 4, when Mr. Candler, moved that the last clause of the substitute be stricken out.

Mr. Tourgee moved the words "as are unfinished" in the 5th line of the last clause of the substitute, be stricken out, and the words "as may be unfinished at the time of the adoption of this Constitution" inserted. Accepted.

After prolonged debate, the motion of Mr. Candler to strike out, was put and lost by a vote of 40 to 60.

Mr. Cowles moved to amend by striking out in first line the words "at par," and insert "ninety per cent." Lost.

The question then recurred upon the substitute as amended, and decided in the affirmative—yeas, 62; nays, 30.

The following is the substitute as amended:

Section 4. Until the bonds of the State shall be at par the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State, except to supply a casual deficit, or for suppressing invasion or insurrection, unless it shall in the same bill levy a special tax to pay the interest annually.

And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association or corporation, except to aid in the completion of such railroads and other works of internal improvement as may be unfinished, at the time of the adoption of this Constitution, and in which the State has a direct pecuniary interest, *unless the subject be submitted to a direct vote* of the people of the State, and be approved by a majority of those who shall vote thereon.

Sections 6, 7 and 8, adopted.

The article, as a whole, was then put and adopted by a vote of 77 to 20.

Mr. Hood introduced a report from the Committee on Disabilities.

Mr. Graham of Orange, moved to submit the report to the people for ratification, which motion was lost and the report received and ordered to be engrossed.

Mr. French, of Bladen, by consent, introduced an ordinance providing for the punishment of any one who shall attempt to intimidate by threats or otherwise, voters to keep them from the polls. Ordered to be printed.

Mr. Heaton, by leave, submitted a report of the Committee on Revision, in relation to an article providing for amendments to the Constitution. Ordered to be printed.

On motion the Convention adjourned till 7½ o'clock this evening.

It is highly commended by all learned and eminent men, and by the press generally in all parts of the country, as the best book of the kind in the English language.

DO NOT BE DECEIVED!

Owing to the unprecedented popularity of this Work, a small English abridgement, in duodecimo form, of about 600 pages, has been reprinted in this country in larger type, and spread over 800 octavo pages, evidently—by making a larger book than the original—to give the impression easier that it is our edition. It has less than half the reading matter of ours, and is sold considerably higher than the English edition of the same book in this country. Some agents are endeavoring to palm off this juvenile edition for ours.

Teachers, students, retired clergymen, farmers, and energetic women find the agency for this work both pleasant and lucrative employment. Send for circulars, giving full particulars, terms, &c., to

—o—

HEAVY CANONADING.—For several nights our ears have been greeted with the sound of musketry. The sounds came not from one direction, always, but from different points every night. Last night we were startled from our seat on hearing what we supposed to be the report of heavy ordnance. Now, if we are not very much mistaken there is an ordinance of the city prohibiting such things, and why it is not forced we are unable to say. We here take occasion to remind those in authority of the fact, and trust they will do something by which remedy for such things may be applied.

—o—

GOOD FOR HER SIZE.—A young lady residing about eight miles from the city, made a good lick a day or two ago. She has some pet chickens, on which she very much dotes, and the other evening she heard quite a disturbance among them. She went out to see the cause, and, to her horror, observed as she thought, a "great big dog" disturbing their quietude. With one rock she broke one of his legs, and with another she broke his head. On going to him to examine if he was dead, she found it to be a monstrous large fox. A good hit, most assuredly, and one that saved her pets.

—o—

SERMON TO YOUNG MEN.—Rev. H. T. Hudson, of the M. E. Church, will preach in that Church to-morrow evening, the second of a series of Sermons to Young Men—prepared at the instance of the Young Men's Christian Association of this City.

Knowing Mr. Hudson, as we do, we feel confident that all who hear him will be highly delighted, and will receive some good instruction.

—o—

OUR CARRIERS.—Our patrons and others will please take notice that our carriers and newsboys are not allowed to receive subscriptions for the REGISTER, and they will please make no contracts with them.

In addition to this we will ask subscribers who do not receive their paper promptly to notify us.

—o—

Some one calls the time of squeezing girls' hands the palmy season of life.

THE FISH MARKET.—Notwithstanding we are situated so far back in the "Kedentry," we have a market that would sometimes do justice to the largest seaboard town. Our fish market is now being well supplied with the inhabitants of the sea, and we quote the following prices in that branch of the domestic market:

Shad are now selling from 75c to $1 per pair; Herrings 40c. per dozen; Striped Bass from 50c. to $1 each, with a decline of prices weekly.

This morning some 100 or more wagons with country produce are in the market.

—o—

ST. PATICKS' DAY.—Extensive preparations are being made by the Hibernian Association of Wilmington for the celebration of St. Patrick's Day, which comes on the 17th. An elegant Irish flag will be presented to the Association on that day, by the Hon. John Dawson.

FROM SAM TO HIM!

At a bar dinner, Mr. Sam Ewing, a lawyer and a punster, was called upon for a song, and while hesitating to respond, a judge present observed that it wouldn't be much, as it would be but Sam (psalm) singing. "Well" rejoined Ewing, "Even that would be better than him (hymn) singing." The judge wilted. For ourself, we are not much of a singist, though we cannot refrain from occasionally trying to sound the praises of the great "BARLEY SHEAF" COOKING STOVE. This stove combines many admirable qualities, burns either wood or coal, and richly merits all the good things said of it.

LATEST BY TELEGRAPH.

Reported for the Daily Raleigh Register.

Congressional.

WASHINGTON, March 6.

A communication from the President relative to consular interferences in Italy was presented and referred to the committee on Foreign relations.

Several other communications received and referred.

The Secretary of the Treasury was asked relative to the disposition of $800,000, in the hands of Col. Halabird, Chief Quartermaster of the Gulf Department, accruing from captured and abandoned property.

At one o'clock Judge Chase entered.—Called the Senate to order. The journal of yesterday impeachment proceedings was read. Mr. Chase announced that the motion to postpone Wade's swearing until the others were sworn. Dixon commenced speaking.

Drake called him to order under the procedure rules. Mr. Chase decided that the procedure rules could only apply after the court was organized.

Drake appealed, and the chair was sustained by the following vote:

Ayes—Anthony, Dixon, Fessenden, Fowler, Buckalew, Corbett, Davis, Frelinghuysen, Grimes, Henderson, Hendricks, Johnson, McCrery, Morrell, Norton, Patterson, Pomeroy, Ross, Saulsbury, Sherman, Sprague, Van Winkle, Willey and Williams—24.

Nays—Cameron, Chandler, Cole, Conkling, Conness, Drake, Ferry, Harlan, Howard, Morgan, Morrell, of Vermont, Morton, Nye, Stewart, Sumner, Thayer, Tipton, Wilson and Yates—19.

Applause followed, but was promptly suppressed. The debate proceeded when Hedricks withdrew the objection, Wade was sworn, and the organization was completed.

Howard moved to inform the managers.

Mr. Chase said, before putting the question to the Senate, the Chief Justice thinks it his duty to submit to the Senate the rules of procedure. In the judgment of the Chief Justice, the Senate is now organized as a distinct body from the Senate, sitting in its legislative capacity. It performs a distinct function. The members are under a different oath, and the presiding officer is not the President *pro tempore*, but the Chief Justice of the United States.

Under these circumstances the chair conceives that rules adopted by the Senate in its legislative capacity are not rules for the government of the Senate sitting for the trial of an impeachment, unless they be also adopted by that body. In this judgment of the chair, if it be erroneous, he desires to be corrected by the judgment of the court. Therefore if it be permitted, he will take the sense of the house on this question, whether the rules adopted on March 2nd shall be considered as the rules for the proceedings in this body. The Senate responded aye, and Mr. Chase said then those rules will be considered the rules of this body.

The managers then entered and at their instance, on motion, a summons was issued to the President returnable Friday 13th inst., to which day the court adjourned.

Mr. Wade took the chair. After a short legislative session went into executive session and adjourned to Monday.

HOUSE—General business unimportant. The impeachment managers are allowed to sit during the session, to send for persons and papers, and to examine witnesses under oath.

The Tennessee election case was resumed when the bill relieving Judge Butler from political disabilities passed by 88 to 33.

A bill was introduced, relieving John Young Brown from the same. Referred to committee on elections. Adjourned.

Virginia Convention.

RICHMOND, March 6.

The Convention to-day adopted a clause disfranchising all who gave aid and comfort to the rebellion after having taken an oath to support the constitution of the United States as Congressmen, Presidential electors, officers in the service of the United States, or as executive or judicial officers of a State. Those officers of a State specified besides the higher ones are all judges, clerks of courts, commonwealth attorneys, sheriffs, constables, revenue commissioners, magistrates, overseers of the poor, mayors, city councilmen, flour and tobacco inspector, coroners, &c.

An amendment to modify the meaning of "aid and comfort" so as to except acts of kindness by parents to their sons in the Confederate army or voting for the secession ordinance was defeated and the clause was adopted by a vote of 49 ayes to 28 nays.

Another clause was adopted, disfranching all officers in the rebellion above first Lieutenant in the army and above the rank of master in the navy. On this last clause a conservative refused to vote at all, saying he would commit perjury by so doing. A motion to expel him for contempt was laid on the table. Adjourned.

Washington Items.

WASHINGTON, March 6.

There was a short cabinet session to day. All present except Stanton.

The House passed a bill to day modifying the test oath for persons whose political disabilities are removed by Congress.

In consequence of the absence of Mr. Chase, the McCardle case was postponed to Monday.

Maryland Senator.

ANNAPOLIS, March 6.

Geo. T. Vickers was elected Senator today. He was an officer in the Union army.

Foreign News.

LONDON, March 6th.

Burke, Casey and Shaw brought safely to Newgate. No rescue was attempted.

Arrest of Hotel Thieves.

MONTGOMERY, March 6.

Two of the men arrested in this city about ten days since for burglary and attempt to blow open a safe in a banking house, have been tried and convicted. It was shown upon the trial that they are thieves from New York, and that a gang of them is operating in the Southern cities. The two convicted claim the names of Mayse and Franklin, but one of them is known in New York as Black Dan, a noted theif and house breaker. They will be sentenced to the penitentiary to-day.

OUR NOON DISPATCHES.

Democratic Victories Claimed.

WASHINGTON, March 7.

The leading Northern Democratic papers are flaming with display lines announcing large Democratic victories and gains in the municipal elections.

The Republican papers are denouncing the Associated Press reporters as partizans.

Close reading here shows unmistakably that the Democrats have gained immensely, and the gains are so wide-spread as to preclude the idea that local issues have controlled these results to any great extent, or that the Agents of the Press Association have failed to forward truthful news.

PROSPECTUS.
Having long felt that a necessity existed for a journal in the Southern States devoted especially to Music, the undersigned has at length determined to issue a periodical, to be called
THE SOUTHERN JOURNAL OF MUSIC.
The people of the South have always been noted for their love of the Fine Arts, as well as the culture of good taste in every household; and though the war has left but little time and less ability to pursue favorite studies, yet the old love remains, and will show itself in greater devotion than ever, as rapidly as the people can recover from the terrible results of the war. The undersigned, therefore, confidently expects his enterprise to be a popular one, while with him will rest the responsibility of making it a successful one.
It is the fixed determination to labor for the continued cultivation of good taste, by producing earnest thoughts from the best thinkers, all aimed at the one great end, of adapting High Art to the popular taste, and thus, if possible, preventing that demoralization in Music which has nearly ruined the hopes of Art in other departments.
THE SOUTHERN JOURNAL OF MUSIC will be a monthly of sixteen pages, each number containing from three to five, or more pages of good music—the music alone, if bought in the usual way, costing five or six times as much as the subscription price. Great care will be exercised in the reading matter, and the most scrupulous regard will constantly be had to the presentation of that only which tends to elevate the taste
TERMS—$1 00 PER ANNUM IN ADVANCE.
The price is fixed at such a low figure that club-rates are not admissable, but a liberal per centage will be allowed to any who will forward a list of twenty-five or more.
The first number will be issued about the first of October next, and succeeding numbers will appear regularly every month thereafter. Should the subscription list justify the expense, improvements will be made as time will show occasion; but the journal will be published whether the list will justify the improvement or not.
Music Dealers, Seminaries, and others who feel interested in such an enterprise are requested to exert their influence in favor of the Journal.
Editors who receive this prospectus and make a notice of it, stating our terms, &c., will please send copy of paper marked.

Only.

BY DEXTEE SMTH.

Only to know that the beautiful flowers
Only delight us before they must fade!
Only to find that the sun and the showers
Only bring beauty that must be decayed!

Only to know that our love is a falsehood
Only to know that no friendship is sure!
Only to find that sweet hopes change to mem'ries,
Only to see that no joys can endure!

Only a handful of dust in a coffin—
Only a phantom to come and depart!
Only for this do we face earth's temptations,
Only for this do we join heart to heart.

Only to know that each trouble and sorrow
Only reminds us of earth's fleeting years!
Only to feel that the glorious morrow
Only is wanting to bring smiles for tears!

Barnum's Museum.

The following is a partial account of the burning of the notorious institution:—

ANIMALS BURNED.

The following is a list of the animals burned:

Four lion cubs, four leopards, two hyenas, one white bear, two lynx, four porcupines, two large lions, one panther, two black bears, one ibex, one brazillian tiger, four kangaroos.

Two white peacocks, together with all the birds, parrots, monkeys, &c., on the upper floor, were also burned.

ANIMALS SAVED.

The following named animals were taken from the building, some of them badly burned:

One giraffe, one sacred zebra, one young elephant, three lamas, one four horned ram, one hindostan goat, two pelicans, one bengal leopard, one moose, one sacred bull, two camels, two japanese hogs, one persian sheep, three kangaroos, two silver pheasants, three porcupines and one wambot.

A large number of small animals were also saved. The giraffe was burned so badley that it is not expected to live during the day It was valued at $20,000. The seal rescued from the fire at the old Museum was burned. The wardrobe of the Museum was nearly new having been collected since the fire of two years and a half ago, and was valued at $25,000.

The loss of the owners of the Museum is estimated at $400,000, on which there is an insurance of $150,000. The sate is in ruins, and the names of the companies are not known. One hundred and thirty-five persons are thrown out of employment by the fire.

The company had in preparation a piece for which a larg outlay had been made in machinery and scenery. This was all destroyed. It was valued at $18,000. A pair of tigers burned was valued at $25,000.

A number of persons connected with the Museum sustained private losses.

The giantess estimates her loss at $3.000.

The Circassian girl lost all her valuable wardrobe and much jewelry.

James S. Conlan, who owned the pistol gallery on the fourth floor, sustained a loss of $2,000, on which there was no insurance.

Messrs. Nichols & Woodruff, glass blowers, lost $4,000.

There were twenty-two persons lodging on the fourth floor at the time the fire was discovered.

WHAT MR BARNUM SAYS.

Mr. Barnum says the loss of Barnum & Amburgh Museum and Menagerie Company, including the contents of the Museum is upwards of $400,000. The insurance amounts to about one-third of this sum. The building was insured for $62,000.

Mr. Barnum says that the Museum will not be built on the same site. The land is offered for sale.

"Will you let me drill you?" said a crowbar to the rock. "I'll blasted if I do," was the hardy reply.

There are church accommodations for over twelve millions of the people of the United States.

Iowa has one hundred and forty-three newspapers, and not one of them is religious in name.

VALUABLE

FARM FOR SALE.

The subscriber offers for sale the valuable Farm, in CHATHAM COUNTY, N. C., containing

500 ACRES.

The farm is situated in the Southwestern portion of the county, in the midst of the best Coal and Mineral region of the State; being in one mile of the Ore Hill Iron Works, that have been successfully worked during the late war. The celebrated Mineral Springs are also about one mile distant.
The improvements consist of a large TWO STORY DWELLING, well finished and painted, KITCHEN and SERVANTS HOUSE, Large Framed BARN and STABLES, all in good order. The House is beautifully situated on an elevated position, surrounded by a large yard of about four acres, filled with forest trees, which form beautiful scenery and effectual shade. 125 acres have been in cultivation, the balance in original forest, consisting of Pine, Oak, Hickory, Dogwood, &c., &c.; 10 acres in

GOOD MEADOW,

and 50 acres more could easily be added if wished. There is a

FINE YOUNG ORCHARD

of selected fruit, just coming into bearing, consisting of Apples, Peaches, Pears, Cherries, &c. Also, an Orchard of about 8 acres of the natural fruits in full bearing, many of the varieties are equal to the grafted kind.
The Western Railroad, from Fayetteville Greensboro, (now building) 50 miles now in operation, passes near the property—the Ore Hi Depot being within a mile of the land. The cars now running within 10 miles of the farm, and the Road is expected to be finished during the next year. The Chatham Roilroad, now partially graded, and the Cheraw Railroad all centering in the mineral region of Chatham county, will pass near this property. Thus making it very valuable for investment. Good Mills, Churches, School Houses, Masonic Hall, large Tanneries, &c., all within convenient distance. The subscriber being about to remove to the Eastern part of the State is unable to attend to the property and will sell on reasonable terms for cash or credit.

PHILADELPHIA ADVERTISEMENTS.

PHILADELPHIA

University of Medicine and Surgery.

Organized, 1848. Chartered by the Legislature, February 26, 1853. Amendments to Charter, February 15, 1860, and March 15, 1865.

Two full sessions of Lectures each year, commencing the first of October, and continuing until April. The Dissecting Rooms are open, and private lectures and quizzes continue during the entire year. The first session continues until Christmas, or for three months, and the second until the first of April, or three months; the two constituting one full course of lectures. Examination of candidates for graduation will occur at he end of each session.

REQUISITES FOR GRADUATION.

The requisites for graduation are three sessions of lectures, and three years only; or four sessions, ncluding two years spent at the Tniversity.

THE SYSTEM OF MEDICINE TAUGHT.

The University is a liberal medical school, in which all branches of medicine and surgery are taught, including the preparatory studies. without regard to any sectarian views. Hence, while they deprecate the exclusiveness of Allopathy, Homœpathy, Eclecticism, Hydropathy, etc., they believe that all principles of cure and therapeutical agents should be taught in all well-regulated medical schools, and that every intelligent, honest, and thorough practitioner is entitled to oll the courtesies and privileges of the profession, without re gard to his peculiar notions in therapeutics.

FEES.

The fees for all branches, including all the tickets, matriculation, and dissection, are sixty dollars a session, or one hundred dollars per year. Those who purchase tickets only have to matriculate once, which makes the second session Fifty-five Dollars, including demonstrator's fees, or One Hundred and Fifteen Dollars for a full course. To aid young men of moderate means, the University has issued five hundred scholarships, which are sold to first-course students, for Seventy-five Dollars, and to second-course students and clergymen for Fifty Dollars, each constituting the holder a life member, with the perpetual privileges of the lectures, and all the teachings of the school. The only additional fees are a yearly dissecting and matriculating ticket, each of which is Five Dollars.

THE ADVANTAGES OF SCHOLARSHIPS.

The student holding a scholarship can enter the College at any time during the year, attend as long as he chooses, and re-enter the Institution as frequently as desired.
It requires no previous reading or study to enter the University on scholarships, hence all private tuition fees are saved.
Students, by holding scholarships, can prosecute other business a part of the time.
The candidate for graduation can present himself at any time, and receive his degree as soon as qualified.
In case a student should hold a scholarship and not be able to attend lectures, it can be transferred to another, thus preventing any loss.
Parents, guardians or friends of students wishing to purchase scholarships for them, a year or more before their attendance at the University, can secure them by advancing one-half the price, and paying the balance when the student enters Physicians and benevolent men can bestow great benefit upon poor young men, by presenting them a scholarship, and thus enabling them to obtain an honorable profession.

PROSPECTUSES.

THE NEW YORK TIMES.

A POLITICAL, LITERARY AND MISCELLANEOUS NEWSPAPER.

Enlargement of the Daily, Semi-Weekly and Weekly Editions.

The NEW YORK TIMES has recently been enlarged to the size of the London *Times*, and is now one of the largest and cheapest newspapers in the world. Each number of each edition contains eight pages of seven long columns each, making *fifty-six* columns in all. It is always printed on good paper and in clear type—making it the handsomest and most legible Newspaper in the United States.
The TIMES aims, first of all, to give the earliest and most reliable *NEWS* from all sections of the United States and from all parts of the World. Its CORRESPONDENCE, Foreign and Domestic, in variety, fullness and literary interest and ability, is not surpassed by that of any other journal. In the Southern States especially, from which it has been so difficult to obtain reliable information, the TIMES has a large number of able, intelligent and candid correspondents whose reports of incidents and opinions are of great interest and value; and from every Capital in Europe it receives early and reliable intelligence.
In its EDITORIAL Department the TIMES seeks to criticize passing events of every kind with candor, intelligence and a paramount regard for the best interests of the community. It avoids always appeals to mere passion, and aims to direct and convince the judgment rather than appeal to prejudice. In politics it maintains the fundamental principles of the Union Party—seeking the Restoration of Peace and Union upon the basis of Equal Rights and universal justice, and urging always and everywhere the elevation and improvement of all classes of the community. In dealing with the South it will insist upon a just and considerate policy—demanding full and steady obedience to the Constitution and laws of the Union, ample protection for the enfranchised slaves in all their rights of life, liberty and property—the development of the material resources of the country, and the general advancement of all classes of the people in education, morality and religion. All topics, in all departments, foreign and domestic, will receive in the TIMES full and careful discussion.
In LITERARY criticism and intelligence, the TIMES will be especially full and complete. Elaborate and extended Reviews will be made of new works that may deserve them, and no pains will be spared to make this Department more than ever satisfactory.
The AGRICULTURAL, COMMERCIAL and FINANCIAL Reports of the TIMES will be prepared with quite as much care, and will be in every respect at least as full and satisfactory as those of any other paper.
Its Reports of Congressional and Legislative Proceedings, of public Documents of value of all kinds, of Proceedings in Courts, of public meetings, etc., etc., will be full and reliable.
No pains or expense will be spared to make the Times the most valuable, interesting and reliable newspaper in the United States. It has a very large corps of able and experienced writers in every department, and will add to their number, both at home and abroad, as circumstances may require.
The following are the prices of the several editions, payable in all cases in advance:
